

Will you help us inspire innovation and creation?

At Kids Discovery Factory, we believe every child deserves the opportunity to explore, discover, and grow in an environment that nurtures their curiosity. Our mission is to inspire young learners to innovate and create through the exploration of Science, Technology, Engineering, Art, and Mathematics (STEAM). KDF programs promote play-based educational experiences that inspire young minds and ignite a passion for lifelong learning.

Our goal is to impact over 15,000 regional children again this year. Every **\$10.26** raised supports one hour of hands-on STEAM programming for a regional child. Your support has the potential to transform the lives of thousands of children who will benefit from the unique educational programs we offer. Here are just a few examples of how your contribution can make a difference:

- **Expansion of Educational Programs:** Your donation will help us enhance and diversify our STEAM programs, ensuring that we can reach children of all ages and abilities.
- **Access for All:** Your support will allow us to provide scholarships and reduced fees to families in need.
- **Community Outreach:** Your support will enable us to expand our outreach initiatives, bringing the joy of STEAM education to even more children in our community.

Whether you make a one-time donation, or become a sustaining partner with a monthly contribution, every dollar you invest will contribute to the growth and success of kids in our community. Together, we can inspire a lifelong love of learning in the hearts and minds of the children we serve.

Sincerely,

Emili Uden,
Kids Discovery Factory Executive Director

Leadership Gifts
impact 243+ children

Partnership Gifts
impact 48+ children

Friendship Gifts
impact 9+ children

Community Gifts
every \$10.26 raised
impacts 1 child
