

KIDS DISCOVERY FACTORY Classroom Kits

Reusable Classroom Kit Program Guide

Bring the children's museum experience directly to your classroom. Kids Discovery Mobile Factory Reusable Classroom Kits bring STEAM learning to life with student led exploration, experimentation and discovery. We offer a variety of individual, hands-on activities, providing educational fun while following your school's safety guidelines.

Reusable Classroom Activity Kits (K-3rd)

Our Classroom Kits contain a set of 25 reusable, hands-on, desktop exhibits to help your students engage in experiential learning. Our kits come with 3 lesson plans specifically designed for K-3 students, including pre and post experiment activities.

Force & Motion - *Friction Race, Make It Move, Wrecking Ball*

Magnet Exploration - *Magnet Maze, Bumper Cars, Swing Set*
